

RIYA CHERIAN

COMPUTER SCIENCE & DATA SCIENCE ENTHUSIAST

#28, IAF POST Dwarka Nagar, Bengaluru • 7996328269 • helloriya004@gmail.com

SUMMARY

Dedicated and highly motivated Computer Science & Data Science enthusiast. Passionate about deepening my knowledge in Data Science analytics, and exploring new languages. Driven by curiosity and a problem-solving mindset, I thrive on tackling complex challenges and developing innovative solutions.

WORK EXPERIENCE

Student Intern, NOKIA

August 2025 – Present

- Selected as the **sole intern** to support the **Non-RT RIC (Non-Real Time RAN Intelligent Controller)** telecom project, contributing to delivery documentation, stakeholder coordination, and project governance activities.
- Designed, developed, and maintained the project's **SharePoint** portal, creating a centralized knowledge management platform with structured document libraries, streamlined navigation, architecture repositories, global time-zone integration, and organized multimedia documentation.
- Integrated **Power BI dashboards** within SharePoint to provide real-time visibility into team leave plans, feature-wise release status, project milestones, and delivery progress, enhancing reporting efficiency and cross-functional transparency.
- Owned and enhanced documentation workflows, including version control, **delta comparison analysis** using the **DC CAT application**, stakeholder reviews, and adherence to organizational documentation and quality standards.
- Took **end-to-end ownership** of the **DC CAT Image Text Search Tool**, enabling users to search and locate text embedded within images, figures, diagrams, and other graphical content through **OCR-based text extraction and retrieval**.
- Led large-scale content migration activities to **Modulus**, ensuring data integrity, governance compliance, consistent formatting, and seamless knowledge transfer.
- Created detailed technical architecture and workflow diagrams using **CorelDRAW**, improving design clarity, supporting peer reviews, and facilitating deployment readiness.

Artificial Intelligence Intern, Edutainer (PAT Technologies Pvt. Ltd.)

Feb 2026 – May 2026

- Completed a 4-month virtual internship focused on Artificial Intelligence, Generative AI, Prompt Engineering, AI Ethics, and AI-powered business applications through training, quizzes, assignments, and project-based learning.
- Applied ChatGPT, GPT-4, Midjourney, and DALL·E to develop AI-driven solutions for content generation, visual marketing campaigns, business scenario analysis, data visualization planning, and workflow automation.
- Designed prompt engineering frameworks, AI-assisted content strategies, personalized learning paths, and SEO-oriented marketing plans using modern AI tools and methodologies.
- Conducted SWOT analysis, risk assessment, scenario planning, reproducible AI experiment planning, and AI ethics evaluations to support data-driven decision-making and responsible AI adoption.

EDUCATION

- B.E., CSE (Data Science), Sri Venkateshwara College of Engineering (2022–2026)
VTU CGPA: 9.07/10 | SGPA (8th Sem): 10.0/10
- Kendriya Vidyalaya AFS
CBSE Class XII (PCMC): 70% | Class X: 86%

LANGUAGES

- ENGLISH 5/5
- HINDI 5/5
- MALAYALAM 5/5
- KANNADA 4/5
- TAMIL 3/5

PROJECTS

- **Phishing Website Detection using Machine Learning (Mini Project)**
Built a machine learning model to classify websites as phishing or legitimate using URL and domain-based features. Performed data preprocessing, feature extraction, and trained classification algorithms such as Logistic Regression and Random Forest. Evaluated model performance using accuracy, precision, recall, and F1-score.
 - **Adult Census Income Prediction (Major Project)**
Developed a predictive model to classify whether an individual's income exceeds \$50K using the Adult Census dataset. Conducted data cleaning, encoding, feature scaling, and exploratory data analysis. Trained and optimized classification models and evaluated them using ROC-AUC and cross-validation.
 - **OCR-Based Image Text Search Tool (Internship Project)**
Developed an OCR-powered application to search and retrieve text embedded within images, figures, screenshots, and graphical elements from PDF documents. Implemented image preprocessing techniques including grayscale conversion, noise reduction, contrast enhancement, and OCR-based text extraction to improve recognition accuracy. Enhanced document searchability by generating highlighted PDF outputs and Excel-based search reports for efficient content analysis.
-

SKILLS

- **Programming:** Python, SQL, C (Basics)
 - **AI, Generative AI & Prompt Engineering:** ChatGPT, GPT-4 Applications, Prompt Engineering, Generative AI Concepts, AI Workflow Automation, AI-Assisted Content Creation, AI-Powered Decision Making, AI Ethics, Midjourney, DALL·E, Jasper AI
 - **Machine Learning & Data Science:** Pandas, NumPy, Data Cleaning, EDA, Feature Engineering, Regression, Classification, Model Evaluation, TensorFlow (Basics), PyTorch (Basics)
 - **Big Data & Databases:** Hadoop (Basics), PySpark (Basics), ETL Concepts, Data Warehousing, MySQL, MongoDB
 - **Computer Vision & Automation:** OCR (Tesseract), Image Processing, PDF Processing (PyMuPDF/Fitz), Text Extraction, Document Search Automation, Python Automation
 - **Data Visualization & Analytics:** Power BI, Tableau, Matplotlib, Seaborn, Excel Reporting, Data Storytelling
 - **Collaboration & Productivity Tools:** SharePoint, Power BI Integration, Jupyter Notebook, VS Code, Microsoft Excel, CorelDRAW, Modulus, HubSpot, Hootsuite, Buffer, CoSchedule, Canva AI, Google Trends, BuzzSumo, AnswerThePublic
-

CERTIFICATIONS

- Artificial Intelligence Internship Certificate – **Edutainer (PAT Technologies Pvt. Ltd.)**
 - Data Visualization Algorithm Workshop – **BMSCE IEEE Computer Society**
 - PowerPoint Presentation and Design – **Udemy**
 - Java Developer Course – **Udemy**
 - Springboard Achievement – **Infosys**
 - 100 Days of Code: The Complete Python Pro Bootcamp – **Udemy**
-

ACHIEVEMENTS

- Secured first place in Essay competition on National Science Day, 2025.
 - Volunteer in KalaaVaibhava (College Fest)
 - Organized a Food Fest as part of the department event.
-

HOBBIES AND INTERESTS

- Listening to music
- Cooking
- Reading
- Sketching
- Journalling
